About Me

As a Computer Science undergraduate, I am excited to join a reputable organization and apply my knowledge and skills to drive innovation and growth. With a strong foundation in programming languages, data structures, and software development, I am eager to contribute to cutting-edge projects and collaborate with experienced professionals. I aim to leverage my creativity, problem-solving abilities, and technical expertise to make a meaningful impact and advance my career in the industry.

Experience

Eziline Software House Pvt Ltd

Web Developer

Completed a comprehensive internship at Eziline Software House Pvt Ltd, developing responsive and interactive web applications using HTML, CSS, and JavaScript, delivering high-quality user experiences. Gained valuable industry experience and honed front-end development skills through collaborative team projects and individual contributions.
